SELECTION OF A RESEARCH DIRECTOR AND SAC COMMITTEE

Please follow these step-by-step instructions:

Step 1 - FACULTY

Selection of a research director by a new student can only be made after October 15 (Fall admission). It is recommended that the student talk with at least three faculty members about research before the formal selection process is completed. The student is encouraged to speak with faculty members outside of their area of interest but it is not required. The process is completed when the student turns in this completed form to the Student Services Office

The following three faculty members have discussed their research programs with the student named above:

_____ Name	_____ Signature	_____ Date
_____ Name	_____ Signature	_____ Date
_____ Name	_____ Signature	_____ Date

Step 2 - RESEARCH ADVISOR

One of the faculty members must indicate a willingness to accept the student into his/her program. This process is normally completed by the end of the student's first semester.

With Step 1 above completed,

I agree to accept _____ into my research program.
Student Name

_____ Name	_____ Signature	_____ Date
_____ Lab Phone	_____ Lab Location	

Step 3 – SAC COMMITTEE

Immediately after the research director has been decided, the SAC Committee should be established.

This form will not be complete, until the SAC Committee has also been decided.

Name

Name

Step 4 – SUBMITTING THIS FORM

This form must be completed in full and returned to the Chemistry Student Services Office
